

**12. Public Question Time**

6 members of the public and Cllr Chopak attended. Cllr Horn outlined the WPC wind turbine policy and the potential response to the Big Field Wind Turbine that will be discussed in full for a decision at the Annual Parish Meeting immediately following the closure of this ordinary meeting. Members of the Week St.Mary Parish Council noted the WPC Policy and commended the PC for having such a document. It was noted that if some of the WTs were not built, Whitstone would not be eligible for any community benefit as it would no longer be with the 5km radius of the WTs.

**Meeting closed at 2020hrs**
